ANTI VANDAL

ANTI BURGLAR

Gap wide enough to fit thick letters and brochures through

AVAILABLE IN

Features Include:

Outward facing brushes create the Anti-Vandal feature as it prevents vandals from placing unwanted items into the cavity

Outwards facing brushes also means better draught proofing and makes it easier to post letters through

180 degree opening flap means the flap will not snap off when opened too far

Matt finished plastic frame conceals any scratches that may be caused by screwdrivers during installation

Blind bolts to the exterior of the letterplate prevents the outer frame being unscrewed from the door externally

An internal water seal prevents water getting into the door or panel, and stops letters getting wet

Ultra-flexible springs can withstand the letterbox flap opening thousands of times without breaking

Revolutionary Patent pending self-aligning screw boss makes screwing the inner and outer frames together easy

Designed for 40-80mm for wooden and composite doors
