

ZRGG12L Battery Operated Grease Gun With Inbuilt Battery

Professional battery operated grease gun with inbuilt battery, which can develop up to 8,000psi of pressure.

FEATURES:

- Maxium pressure: 550 bar (8,000psi)
- Air pocket valve: relives air pockets and improves priming
- Supplied with 750mm high pressure hose with spring guard & 3 jaw hydraulic coupler
- Empties upto 7 (14oz./400gms) grease cartridges on full charge
- Approx 1.5hrs charging time

TECHNICAL DATA

Battery:	Rechargeable 2000 mAh Lithium-ion Battery
Material:	Cast aluminium head construction for durability and long life
Working pressure:	Up to 550bar (8,000psi)
loading:	Cartridge and bulk
Capacity:	400g (14oz) cartridge
